From the State President

Presumptive Cancer Legislation

Great news Legislation is waiting on Royal Assent. Much gratitude and appreciation to all involved in getting to this.

Speed limits at emergency incidents

Have hit some issues with this but keeping the pressure on.

Rewrite of the Fire Service Act

Have set up a working party to be prepared to have input.

New PPC and Helmets and Working Parties

New soft shell jackets should be rolling out soon, also new helmets are being ordered. Allow time for all members to be issued with these (2 to 3 Years)
Members on working party into the new 41 build expected to start mid 2018.
Executive have had discussions with I.T. regarding the roll-out of Office 365.

TFS issues

Over the last twelve months there have been many meetings with members of the DPFEM to raise our concerns with issues that have arisen out of the integration of the TFS into this greater department.

**State President's
Communiqué TVFBA**

**Merry Christmas and a Happy New Year
to members and their families and remember to
stay safe and look out for one-another for 2018.**
